STEEL CAGE CONSTRUCTED

YEARS OF CUSTOMER FEEDBACK HAS HELPED US DESIGN THE IDEAL NON-CDL BUS WITH REAR LUGGAGE

UPGRADED SEATING

Designed exclusively for Midwest Transit. This leatherette covering is soft and beautiful. 100% vinyl for easy cleaning. Plus, 1 inch of added foam padding in the seat.

SOLID SIDE WINDOWS

Completely prevents water damage caused by leaving t-slide windows open; no bees/wasps or other "critters" getting in open windows.

RETRACTABLE SEAT BELTS

Keeps belts off of the floor so they can stay clean and untangled

USB PORTS

Dual USB ports at the front of each row is very helpful for charging or powering electronic devices.

ALTRO FLOORING / YELLOW STEP NOSING

Altro Flooring is a non-slip, commercial grade flooring; Includes yellow step nosing; provides greater visibility for senior adults
